## When we create a place, we create a personality

What makes a place unique?  
It's really about mindful planning.  
Like how we layout each floor  
to have a view of lakes and hills.  
And how we create a lazy river that flows  
into waterplay facilities.  
A resort-inspired beach pool with pavilions  
that are surrounded by tropical trees and shrubs.  
All beautifully planted together  
within this lush vertical community.

Come home to the serenity of GAIA Residences,  
the first serviced apartment at Gamuda Gardens.  
With a diverse selection of resort inspired facilities,  
here you can truly pamper yourself  
as you rejuvenate amidst nature.

"As a town maker, we create places  
that people will call home,  
want to be a part of,  
grow up and grow old in."

## A good town is a connected town.

Town making is not just about construction. To do it right, we have to think through the connectivity. And there is an art to it. There has to be an infrastructure masterplan that ensures easy accessibility. Right from your home to the highway and all the neighbourhood stops in between.

It is our way to look at the details to make the town work. It is about creating a lifestyle. It is about creating community.
