

PALMA
SANDS

DOUBLE STOREY TERRACE HOMES

A good town is about homes that connect you to nature.

When we build a home,
we think of the feeling of freedom
and the light of the sun.

We think about how residents can unwind
under the shade of tropical palms,
and come home to a relaxed environment
with lush greenery and waterscapes.

That is what we envisioned for Palma Sands –
tropical-inspired homes in Gamuda Cove.

Your life in Palma Sands

Come home to a relaxed environment of lush greenery and waterscapes.

Come home to tropical-inspired living.

With tropical palms, sandy terrains, lazy hammocks and restful ambiance, Palma Sands homes and their surroundings were designed to create a tropical-inspired living experience. It's the perfect place to come home to and unwind, where every day feels like a vacation.

**A place that brings the
neighbourhood together.**

The pocket parks in Palma Sands are designed to promote togetherness within the neighbourhood. Furnished with children's playground and benches, the parks are made for residents to gather and relax, fostering a close bond among its community.

**A place that connects
people with nature.**

Gamuda Cove's 60-acre Central Park surrounding the lake is just a short walk away from our Palma Sands homes. It's the perfect place for children to play; and for residents as well as neighbouring communities to gather and enjoy outdoor activities amidst its picturesque landscapes and biodiversified natural habitat.

A place where everything is within reach.

Being close to nature, Gamuda Cove also offers easy access for business, leisure, entertainment and education facilities. With carefully thought out infrastructure that includes walkways, bike trails, roads and even tramways, the city's districts are mindfully connected with smart mobility systems to ensure that everything you need is only minutes away from home.

Palma Sands is a great place to stay balanced, between nature and the city life.

Your choice of homes
