# MAKING A GOOD TOWN

GAMUDA GARDENS is an 810-acre development that ingeniously fuses lifestyle and nature in one township. Set amidst natural undulating terrain with rolling hills and by intricately connecting 5 cascading lakes to the 50-acre Central park, this township features a Waterfront Village that brings a unique walkable retail experience with specially curated commercial and retail offerings. In the upcoming Gamuda Gardens City Centre, a Retail-Entertainment Hub, a Hotel, an Education Hub, Business Parks, Offices and open public spaces are all within close reach.

# LeGARDENS PAVILION

## OFFICIAL OPENING

Gamuda Gardens partners with Weddings By Emma (WE) to officially unveil Le Gardens Pavilion, an enchanting venue crafted to host celebrations of all variety. This space of 5,300 sq.ft. fits up to 400 pax, overlooking the lake with a spacious deck to entertain your family and friends.

WE has been renowned for being the premier choice in event-organizing for local celebrities like Fasha Sandha, Shukri Yahaya, and Saharul Ridzwan. Their collaboration with quality vendors such as caterer, equipment supplier, make-up artist and photographer ensures Le Gardens Pavilion will be among the most exciting event spaces and venues in Klang Valley.

Big Bucket Splash is a rainforest themed waterplay attraction project by Gamuda Gardens opening soon. The waterplay features towering slides, shallow pool, rain bucket and many more, promising lots of wet water fun and excitement for the entire family and friends. This water playpark is open from 10.00AM to 6.00PM daily, and closed every Tuesdays except for Malaysian School and Public Holidays. Big Bucket Splash also serves as a venue for birthday parties (2-12 years old), hi-tea events, reunion/gathering dinners and many more. Look forward to the official opening soon and join us for a splashin' good time!

### Shaping Minds for Our Nations Future

As we move through the Fourth Industrial Revolution, it's clear to see a fast changing world with technology playing a central role in every aspect of our lives. The future is now about access with learning and collaborations. Some opportunities have vanished and while others have now appeared in different forms and it's time for us to embrace these changes and transitions. This makes us think about the future we want and to enable all possibilities for our children. At Beaconhouse, we understand the importance of providing the best learning environment for your child to develop their abilities and to prepare them for the 21st century.

### The Beaconhouse Experience

When it comes to rethinking our current educational system, educators and parents are out there looking for new philosophies and innovative ways to effectively deliver and teach students. In the past decades our knowledge regarding childhood development has expanded, and with it our teaching methodologies that's more engaging. Today parents want more from their children's education and they prefer a holistic education that is in tune with their children's unique needs and skills.

Our learning experience is designed to encompass both depth and breadth. Our focus remains in developing our students in the fullest possible sense. Built upon our long history and academic achievements and supported by a wide range of co-curriculum, our students have the opportunity to experience the wider world locally, nationally and globally.

With a presence in eight countries, Beaconhouse is one of the largest school networks in the world. It has been providing academic excellence for the past 45 years and now has more than 310,000 students around the world. Located conveniently within the Klang Valley, we have ten pre-schools, two private primary and secondary schools, which offer the national curriculum and two international schools offering the Cambridge IGCSE programmes.

### Enhanced Learning Environment

Our schools are equipped with well-resourced classrooms, libraries, computer and science labs, art studio and sports facilities, which includes futsal, basketball, volleyball, badminton and an impressive six-lane swimming pool. As part of our programme, we incorporate the use of technology to enhance the delivery of academic curriculum.

This enables students to achieve their intellectual potential improving their prospects beyond school. Our trained, caring and highly motivated teachers provide effective teaching, while giving students the personal attention, advice and support necessary.

### Enrollment of Beaconhouse in Gamuda Gardens starts in Sept. 2020

Customers enjoy hassle-free bicycle maintenance and transportation because Ecocana delivers bicycles and electric scooters whenever and wherever they wish to ride. They have the option to choose simple fun ride bicycles, premium mountain bike for off road biking, premium road bike for high performance road biking and different options of electric scooters.

Ecocana Sdn Bhd (a.k.a Ecocana Sports or Ecocana) is a company dedicated to provide sustainable and active lifestyle mobility to the public. Besides sale and rental service of bicycles and electric scooters throughout Peninsula Malaysia with an emphasis on Klang Valley region, Ecocana also held cycling events or activities for companies, groups and individuals. Established in year 2012, Ecocana has long involved in this industry by starting the first operation with a physical counter in Forest Research of Institution Malaysia, Kepong till year 2018. The first retail outlet is now open in Gamuda Gardens.

# Benefits of Waterfall

Driving and spanning across the lake, the majestic waterfalls is a magnificent sight. This centerpiece complements the classical garden landscape of Gamuda Gardens where water is an important feature. The cascading water draws everyone and sets mood for picnics and long walks across the parkland. Having promenade beside it and being at the waterfront is the sense of place we want for our town.

- **SYMBOL OF PROSPERITY**  
Good design around the waterfalls allows good flow of energy. In Feng shui, water is the symbol of wealth and prosperity.
- **MENTAL CLARITY**  
Falling and flowing water is good for the mind. Research shows that the sound of water promotes healthier moods. It also drowns out unpleasant sounds.
- **HEALTHY NEGATIVE IONS**  
Waterfalls create healthy negative ions. Negative ions purify the air by attracting allergens (pollen, mold spores, dust, animal dander) to each other. In essence, creating clumps of particles that gravity can then pull down out of the air.
- **STRESS RELIEVER**  
Waterfall can decrease stress and promote a relaxing environment. Moving water promotes calmness and helps to remove us from our modern fast paced lifestyle.

# Wetlands ecosystem cycles

## 1 [AQUATIC PLANTS]

Wetland vegetation is a major factor in the many functions and benefits of wetlands such as water filtration and purification, nutrient and pollutant removal, source of food and habitat for wildlife and humans.

## 2 [FISH]

Fish play an important role in nutrient cycles because they store a large proportion of ecosystem nutrients, transport nutrients farther than other aquatic animals and excrete nutrients in dissolved forms.

## 3 [BIRDS]

Birds perch on twigs over the lake to feed on fishes. Their droppings become source of nutrients essential for plant growth. The habitation of birds depend on their food source derived from fruit trees as well.

## Fun Facts about Wetlands

### Clean water

Did you know wetlands are nature's water filters? The plants, bacteria and animals that live in wetlands help clean your water long before it reaches your taps.

### Wildlife

Wetlands provide thousands of species of plants and animals with food, water, shelter and a place to call home.

### Reduce flooding

A wetland is like a giant sponge. During wet periods, wetlands absorb and store excess water, which reduces the risk and severity of flooding.

### Recreational spots

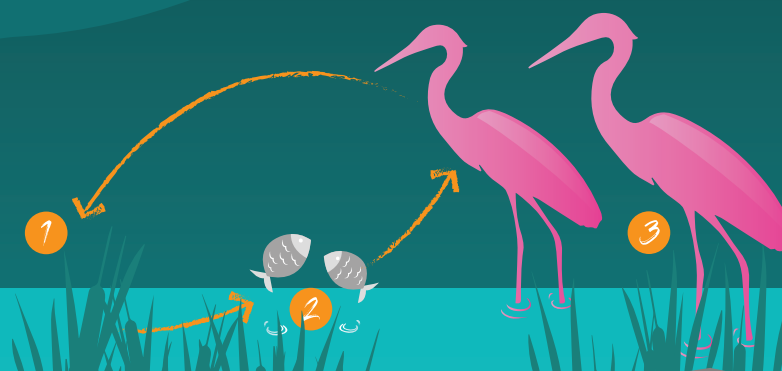

Thanks to their natural beauty and abundant wildlife, wetlands make great a place to relax and have fun. Activities like bird watching, jogging, picnic are just some of the things people do in wetland areas.

### Clear lakes

Wetlands capture phosphorus that would otherwise end up causing harmful algae blooms on our lakes.

### Learning experiences

The best place to learn about wetlands is right in the middle of one! Wetlands are great 'outdoor classrooms' as they are full of life and filled with fun things to explore.

## INTRO

Gamuda Parks is a landscape initiative by Gamuda Land that promotes a sustainable and well-balanced approach to design, implement and manage all park land environments in our developments; safeguarding the well-being of not only the residents but the biodiversity as well.

## THE MAIN APPROACH IS THROUGH BIODIVERSITY ENRICHMENT

The Policy consists of three prongs encompassing the management of the **Green , Blue and Brown** ecosystems.

### GREEN

Green ecosystems are areas of the landscape that are dominated by trees and consist of biologically integrated living communities.

community farming

native species selection

green coverage ratio

in-house tree nursery

biodiversity audit

### BLUE

Blue ecosystem is an ecosystem in a body of water such as lakes, ponds, wetlands and rivers that shall serve as a balanced ecosystem for aquatic

rain garden

natural irrigation system

water ecosystem audit

groundwater management

flood mitigation system

### BROWN

Material & Resource Ecosystem Management rests largely in how people extract and use materials that come from and return to the Earth.

composting

6R practice

sustainable energy source

single-use plastic

# GPARKS RANGER

## LUGO THE MASCOT "GALEOPTERUS VARIEGATUS"

Introducing Lugo - a flying lemur. It moves gracefully through the jungle canopy and can often be seen clinging to the trunks of trees. If you are lucky, you may even catch a glimpse of Lugo gliding between the forest trees in Gamuda Gardens.

Lugo is chosen as the GParks Ranger mascot because of its energetic and fun personality. So full of curiosity; Lugo loves to explore and make new discoveries - just like the spirit of our GParks Rangers.

## WHO IS GPARKS RANGER?

GParks Ranger is our young ambassador to promote environmental quality to benefit Earth.

## BENEFITS AS GPARKS RANGER?

With membership comes special privileges.

In addition to regular news updates, GParks Rangers will receive exclusive invitations to Gamuda Parks Nature Workshops and Programs free of charge.

# Past Events

## OIISHI MID AUTUMN

September 2019

Japan's beautiful culture and amazing food was brought to Gamuda Gardens in conjunction with Mid Autumn Festival. Guests were treated to premium omakase and sake alongside authentic Japanese street food and decorations.

## GARDENS DINER

November 2019

Travel back in time to the good old American 70s! Guests were treated to nostalgic retro decor, classic diner food experience and dances, surrounded by vintage vehicles from the yesteryears.

## OCEAN IN THE SKY

October 2019

Jumbo sealife and little mermaid were unleashed at Gamuda Gardens. It was a splashing exciting day filled with seafood feast and plenty of aquatic activities.

## LET'S GET LIT & FIT

December 2019

It was a weekend of fun & sweat for the fitness enthusiasts. The event was packed with dance & yoga lessons, trampoline workouts and exhilarating waterjet ironman and cheerleading performances.

## HALLOWEEN DE LA COCO

November 2019

Hola Amigos! Gamuda Gardens celebrated the Mexican Day of The Dead with giant pumpkins terrorizing the park, zombie maze, spooky costumes and glowing paintings alongside Mexican musicians and good food.

## ENCHANTED LONDON CHRISTMAS

December 2019

A magical christmas event dazzled guests at Gamuda Gardens with London themes & decor, snowy X'mas market and parades. It was a weekend of delight for children at the skating rink, Hamleys toystore and many more delightful X'mas bites.

# Past Events

## SHANGHAI STREET

January 2020

Gamuda Gardens transforms into vintage Shanghai, alongside acrobatic lion dances, chinese orchestra band performances, mask-changing shows and many other Chinese New Year prosperity activities and giveaways!

## GARDENS OF LIGHTS

February 2020

Mesmerising glow of lights and shows filled the Gardens. Guests were treated to dazzling performances, Giant unicorn slides, lovely moon swings and plenty more illuminating experiences.

## Upcoming Event

14 & 15 March 2020

With the school holidays approaching, be sure to join us on our next exciting event featuring loads of wild fun for the entire family!

# ILLARIA

Hillside Homes

## HILLSIDE HOMES

On the highest peak of the township, Gamuda Gardens' most beautiful and picturesque strip of real estate, sits Illaria - a distinctive residence that stands tall among its peers. Inspired by majestic views of the natural hillside, Illaria presents a residence that is in complete harmony with its surroundings. Every aspect of the residence - the soft undulating façade, the flow of its interiors and direct access to a hilltop park - is in constant dialogue with the environment.
